

An accessible online presence is essential for success these days, and you deserve a stunning website for your business, store, organization, or even your own personal portfolio! I can also help set up your social media sites such as Facebook, Instagram, and Twitter and create dynamic posts to increase your visibility and income.

Whatever your needs, I offer efficiency and personal attention at affordable prices! Contact me as soon as possible to schedule your FREE consult!

eCommerce Package Save over \$650! Includes 12 standard web pages, four pro-pages, a store with up to four shop sections and 25 listed items, domain registration, & one year of Premium hosting.	\$3,000

Other Web Services

Website Proofing/Editing Need someone to spot-check your existing website for typos and other errors? I'm on it! I can also check facts and offer suggestions for design changes as needed.	\$15/pg
On-going Maintenance For those needing regular updates to newsfeed pages, calendar & events, blog posts, etc. This service is offered for sites I've designed as well as existing websites!	\$15/hr (billed monthly)

Hosting Plans: Clients may choose for their site to be built through any platform, however, I highly recommend Wix.com, which has a wide variety of templates and excellent rates for on-going hosting plans! Free hosting is available with a "wixsite" domain, but if you prefer to connect your own personalized domain, registration is typically \$10-15/yr, and basic hosting is \$5-14/mo. Premium hosting plans offer free domain registration for the first year and are \$10-16/mo. The eCommerce hosting plan for clients planning to sell items through a site store is \$17-20/mo. All the web-building packages described here include one year of domain registration and hosting!
